

Jennifer Swingle Fogt

Jennifer (Jenny) Swingle Fogt is an Assistant Professor at The Ohio State University College of Optometry. At OSU, she teaches and cares for patients in the Contact Lens Clinic and serves as the director of the Innovation in Vision and Eye care Research Group (iVERG), conducting research in soft contact lens studies, specialty contact lens design, contact lens solutions, dry eye, ocular pharmaceuticals, and myopia control. Jenny received her Doctor of Optometry (OD) and her MS in Pharmacology from The Ohio State University. She previously practiced at Pediatric Ophthalmology Associates, located within Nationwide Children's Hospital, Columbus, Ohio, where she founded and directed the Pediatric Contact Lens Services. Jenny is a member of the Executive Committee of the Scleral Contact Lenses in Current Ophthalmic Practice Evaluation (SCOPE) group. She is a member of the Association for Research in Vision and Ophthalmology and the American Optometric Association, a Fellow of the American Academy of Optometry, and a Fellow of the Scleral Lens Education Society.
